

Whitkirk Cricket Club

Changing Rooms and Showering Policy

This policy applies to adults and children sharing changing facilities.

Where possible adults will change and shower at separate times to children where the same changing facilities are used. In addition adults will try to change at separate times to children during matches, for example when children are padding up.

Where adults and children need to share a changing facility, the club will ensure we have consent from parents/carers that their children can share a changing room with adults in the club.

If children play for Open Age teams, parents will be informed of the club's policy on changing arrangements. This will ordinarily be included in the Junior Membership Application Form.

If children are uncomfortable changing or showering with adults, no pressure will be placed on them to do so. In this instance children may choose to change or shower at home.
